## Carnarvon Windfest 2021

### Carnarvon Windfest Association

Completed September 2021

Carnarvon Windfest was held over a 3-day period in January 2021 as a competitive windsurfing, kiteboarding, stand-up paddle boarding and Windrush sailing event.

The event capitalised on the region's consistent summer winds to bring competitors and visitors from intrastate and interstate to compete, bringing an economic benefit to local businesses during the recognised off-peak season.

**Local** retailers engaged to supply and facilitate the event.

**Created** employment for several local contractors.

**Achieved** sanctioning from Windsurfing WA and Kite Surfing Australia.

**1** community festival

**1** youth training event

**4** different wind events

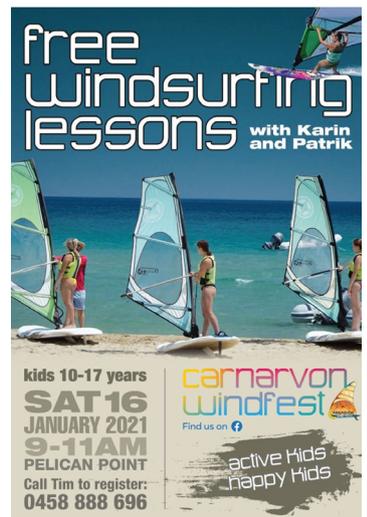

**80+** competitors over 3-days

*“Competitor feedback has been excellent, and the event had been a huge success (in) developing recognition of the Gascoyne’s perfect wind sports environment.”*
